surah number

number of ayahs

sign from its name

order of revelation

Arabic name

Top left

is the surah's number, like an element's atomic number.

Top right

is how many ayahs it has, like an atomic mass.

In the middle

is a sign taken from the surah's name; surahs named after a person, letters or an idea show the name itself, in Arabic.

Below

are its English and Arabic names, and where it falls in the order of revelation.
